Making the Old New Again

A Corpus Analysis of Semantic Change in Contemporary American English Slang

Matthew Gallaher

Abstract

This study used a combination of historical and contemporary corpora to investigate semantic change within the contemporary American English slang words *swag*, *flex*, and *swole*. This study involved two parts. First, it analyzed each slang term's earlier morphological form through collocate and contextual analysis within the Corpus of Historical American English (COHA). Second, it examined each slang term's contemporary use in context within the News on the Web (NOW) corpus. After a comparison of the conclusions drawn from each analysis, it was found that the word *swag* underwent the process of semantic change known as amelioration and the words *flex* and *swole* experienced metaphorization.

1. Introduction

The historical evolution of language has long fascinated linguists. One way to understand this evolution is through the study of semantic change, "the change of the meaning of languages' lexical items through time" (Urban, 2015, p. 374). Since the early twentieth century, scholars have sought to categorize semantic change by type (Riemer, 2010; Traugott, 2017). Even today, introductory textbooks in semantics consider traditional classifications such as metaphorization, metonymization, amelioration, pejoration, specialization, and generalization to be foundational to its study (Hollmann, 2009; Traugott, 2017). Notwithstanding, the popularity and perceived importance of semantic change within linguistic research has ebbed and flowed over the past century, only recently becoming of significant interest again thanks to developments in cognitive and historical linguistics as well as computational methods (Robinson, 2012, p. 38).

Specifically, the field has received a significant boost with the emergence of electronic corpora in the past forty to sixty years (Allan & Robinson, 2012; Traugott, 2017). Electronic corpora have enabled linguists to better understand the nature of incremental historical changes at the lexical level in an increasing number of settings beyond traditional texts, including media such as film, television, news, and the Internet. Access to these more popular mediums of discourse, including the spoken word, has allowed linguists to examine systematically areas of language largely left unexplored decades before. As Mair (2009) noted, "the greatest advantage for the student of recent [semantic] change is probably direct access to spoken data, which after all are the site of origin of almost all non-prestige innovations in language (p. 1110). This undoubtedly includes areas of language often considered to be of a lower register, such as slang expressions.

Even though slang is a well-known vehicle for change and innovation within language, it has only recently become more fully available to linguistic analysis due to the growing number of historical and contemporary electronic corpora. Furthermore, while interest among linguists has grown over the years, it continues to be neglected by some language "purists" as a legitimate area of study due to prejudices related to its perceived "criminal and underclass associations" (Green, 2016, p. 9).

Consequently, this study intends to analyze the possible diachronic semantic change of three contemporary American English slang terms: *swag*, *flex*, and *swole*. Each of these terms appear to have roots in much older English words, but it is not clear how—if it all—their meanings have shifted over the centuries. For example, the word *swag* has recently been added to English dictionaries around the world, defined something along the lines as "stylish confidence or flair." However, the Oxford English Dictionary (OED) regards it as a shortening or clipping of the much older *swagger*, a word it defines as someone behaving "with an air of superiority, in a blustering, insolent, or defiant manner; now esp. to walk or carry oneself as if among inferiors, with an obtrusively superior or insolent air." It also notes that its first known use goes back to Early Modern English, specifically Shakespeare's *A Midsummer Night's Dream*, which debuted in the 1590s. But how exactly are these two words related, and what makes them different? Is their relationship evidence of lexical semantic change, and if so, what type?

This essay aims to determine the precise nature of the lexical semantic change of some of the newest words in American English, specifically three commonly used examples of contemporary slang—swag, flex, and swole—using both historical and contemporary corpora to compare their earliest known usages to their usages in more modern contexts. Thus, the following research questions will be investigated:

- Have the contemporary American English slang terms *swag*, *flex*, and *swole* undergone semantic change?
- If so, what types of semantic change have occurred in each of these words?

2. Background

2.1 Defining slang

Before any examination of slang can commence, some acknowledgement must be given to the term's slippery nature, as it has historically proven difficult to define. As Partridge (1933) famously stated, slang is "easy enough to use but very difficult to write about" (p. 1). Indeed, after enumerating the past failures of others to define slang in a satisfactory manner, Dumas and Lighter (1978) felt a definition that possessed "a more precise set of features" was needed (p. 14). They concluded that "an expression should be regarded as true slang if it meets at least two of the following criteria": it lowers the overall register of a given speech act, the speaker has a "special familiarity" with what is being discussed, it is generally considered taboo, and it functions as a euphemistic synonym for what is considered a difficult or uncomfortable subject (pp. 14-15). Lighter (2001) later built on his earlier work with Dumas to create the following definition for *The Cambridge History of the English Language*, one which linguists generally continue to find agreeable today:

Slang denotes an informal, nonstandard, nontechnical vocabulary composed chiefly of novel-sounding synonyms (and near synonyms) for standard words and phrases; it is often associated with youthful, raffish, or undignified persons and groups; and it conveys often striking connotations of impertinence or irreverence, especially for established attitudes and values within the prevailing culture (p. 220).

To take just one contemporary example for comparison, one can see that Widawski's (2014) definition generally follows suit:

[Slang is] a highly informal and unconventional type of vocabulary; it is perceived as expressive, catchy, and undignified; it consists of standard expressions modified in some way or appended with new, often figurative, meanings, and sometimes of entirely novel expressions; slang is coined chiefly by members of social, occupational or ethnic groups which are typically separate from mainstream society, yet it is often adopted by larger social segments; it is employed in place of standard expressions to convey some extra information of a psychological, social or rhetorical nature; it thus provides alternative, highly informal synonyms for referents already named in the language, but sometimes gives names for referents for which there are no standard expressions, or which have yet to be named (p. 120).

Both Lighter and Widawski agree that slang is a type of word or expression that falls outside the current socio-linguistic norm and is something used by those seeking to emphasize their insider status. Moreover, Lighter characterizes slang as something that is "novel-sounding" (p. 220), while Widawski describes it as something "new" or "entirely novel" (p. 120). This raises the question—are slang terms in fact new, or are they a reimagining or refashioning of older expressions? In other words, are they "novel-sounding" or truly novel?

2.2 Classifying semantic change

Perhaps the answer lies in the process known as semantic change. According to Traugott (2017), recent linguistic research into language change has focused on two areas: "the development of lexical, contentful meaning, and that of grammatical, procedural meaning" (para. 3). As this study is concerned with the former rather than the latter, it is important to first describe in some detail how linguists have traditionally sorted these types of changes. The six classifications most often discussed in the literature are metaphorization, metonymization, specialization, generalization, amelioration, and pejoration. These categories are often paired into three distinct subsets and deserve to be briefly defined before moving on. The first subset, which includes metaphorization and metonymization, is borrowed from the field of rhetoric (Riemer, 2010, p. 376) and involves a process where speakers see "some sort of connection between concepts" (Hollmann, 2009, p. 529). Metaphorization can be defined as type of change in a word's meaning that is based on conceptual similarity or analogy, while metonymization is a change based on proximity or contiguity in location or time (Riemer, 2010; Traugott, 2017). The second subset, which is made up of specialization and generalization, or sometimes narrowing and widening, refers to the restriction and extension of the range of a word's meaning, respectively (Riemer, 2010; Traugott, 2017). The final subset, comprised of amelioration and pejoration, describes the change in a word's "evaluative force" (Riemer, 2010, p. 374), in other words, its shift to a more positive or negative meaning.

It is important to note that amelioration and pejoration are two examples of the process known as subjectification, which Traugott argued is the "dominant tendency" when it comes to language change (Riemer, 2010, p. 380) and has become a significant area of focus in the field of semantics. Traugott (2017) defined subjectification as "a shift toward meanings that are based more in the speaker's perspective than earlier ones" (para. 39). While these traditional classifications are unable to answer many important questions posed by those in the field of historical linguistics, such as what *motivates* semantic change in certain words over others, linguists generally tend to agree they do an effective job at describing the *mechanisms* of change.

That said, a fourth category is sometimes added to discussions of semantic change. This category seeks to divide lexical change based on what motivates it. Specifically, this classification divides semantic change into two different varieties: those that have occurred due to "language-internal" versus "language-external" factors. To put it simply, historical changes in a word's meaning can often be understood to be determined either by strictly linguistic factors or by what Hollmann (2009) described as "broadly cultural-social" forces (p. 531). Traugott (2017) presented two common classes of language-

external factors: "linguistic legislation (e.g., changes in the meaning of rape, harass) [and] cooptation by a group (e.g., queer, Yankee)" (para. 21). The first of these describes how governmental action can influence semantic change and second how individual social groups choose to identify themselves can also have a significant impact on a word's sense.

2.3 Electronic corpora and corpus analysis

Since each of the categories of semantic change mentioned above are understood to occur over time, in some cases over centuries, linguists have found the implementation of both historical and contemporary corpora to be indispensable. As Geeraerts, Gevaert, and Speelman (2012) put it, "By nature and necessity, diachronic semantics is a corpus-based endeavour" (p. 109). Contemporary electronic corpora allow researchers to see how language is used in context, both in spoken and written forms, in both prestige and popular contexts. Historical corpora, on the other the hand, are more limited since the language data they provide is often, though not always, restricted to more traditional texts like books (Curzan, 2009, p. 1091). In either case, electronic corpora allow linguists to comb over incredibly large amounts of data very quickly. One method that has aided in this is collocational analysis. According to Traugott (2017), "Particularly valuable in work on semantic change is the notion of 'collocation,' the relationship among words or groups of words that go together." By revealing a pattern or connection between groups of words, a more nuanced understanding of a word's meaning can be uncovered. Statistical techniques, like collocational analysis, complemented by more qualitative methods allow researchers to make sense of the data "systematically and reliably" (p. 1091).

However, corpus studies rarely involve only quantitative analysis. According to Lindquist and Levin (2018), "most good corpus studies do not stop with frequency tables and statistical analyses. To make the best use of the figures, it is vital to go back to individual examples from the corpus to look at the reality behind the figures" (p. 26). Strictly qualitative corpus analysis is still considered "a relatively new research enterprise with unique methods; yet at the same time, it draws on a variety of previously established methods of linguistic enquiry" (Hasko, 2012, Methodolgocial Foundations section). In fact, contextual analysis is often an important part of understanding the nature of the data found in an electronic corpus. While historical semantics and corpus linguistics have begun to make good use of empirical and statistical techniques in better understanding language change, linguists continue to affirm the need for human analysis, judgment, and intuition (Allan & Robinson, 2012, p. 6). According to Hasko (2020), "the field of lexical studies" is one of the fields within linguistics that has particularly benefited from qualitative corpus analysis.

3. Methodology

3.1 Collecting data from the corpora

To determine if diachronic change took place in each of the selected words, data was drawn from a historical corpus and compared to data taken from a contemporary corpus. The Corpus of Historical American English (COHA) was consulted for some of the earlier known uses of the terms since it "contains more than 475 million words of text from the

1820s-2010s which makes it 50-100 times as large as other comparable historical corpora of English" (Davies, 2010). News on the Web (NOW), a contemporary corpus "containing 17.2 billion words of data from web-based newspapers and magazines from 2010 to the present time," was selected since it offers the some of the most contemporary data available of any corpus (Davies, 2016). Since the slang terms under investigation came into popular usage recently, NOW made for the best choice.

When searching the corpora, special attention was paid to the respective morphological differences between each slang term and its earlier formations. The fact that slang terms have undergone certain types of word building based on already existing words and sounds is a well understood phenomenon. According to Eble (1996), "Slang exploits existing forms and their current meanings in various ways, drawing on and often mixing resources from the sound system, the word building processes, paradigms, and the speakers' knowledge of the culture" (p. 27). In other words, slang often draws from and alters established words in a language. Therefore, when conducting searches in COHA, the earlier morphological formation of each word was used, and when searching the NOW corpus, the later morphological formation was used (see Table 1). For example, since the Merriam-Webster online dictionary (2023) described the newer word swag as a shortening of the much older word swagger, the latter was searched in COHA and former was searched in NOW. Shortening, sometimes referred to as clipping or truncation, is a common word formation process with slang where a segment is dropped from a preexisting word (Gallová, 2021, p. 19). This was also the case for the slang term swole, which according to Merriam-Webster (2023) "comes from the earlier sense "swollen," [a] regional and African American variant of swollen, [the] past participle of swell." This is an example of a word that has undergone two types of morphological word formation processes, shortening as define above, and conversion, which can be described as a "functional shift;" in this case, *swole* was originally used as a variant of the past participle swollen but was later repurposed into the slang adjective swole (Gallová, 2021, p. 19). Flex can also be seen as an example of conversion, since its original use as a verb later became extended to include the slang sense used as a noun. For the sake of clarity and brevity, I have labelled the earlier formations "Set 1" and the later formations "Set 2" and will refer to them as such for the remainder of this study.

Table 1. Earlier versus later morphological word formations.

Set 1 Words: Earlier word formation (searched in COHA)	Set 2 Words: Later word formation (searched in NOW)	Word Formation Process	
` '		shortening	
swollen	swole	conversion & shortening	
flex	flex	conversion	

I began my search for matching strings for each word using the "list" feature within the corpus interface. In the case of the Set 1 words, I collected every instance available in COHA. That meant I drew 685 samples of *swagger*, 436 samples of *flex*, and 4,295 samples of *swollen*. I chose to collect every sample available from the corpus to maximize the reliability of my conclusions. However, since *swollen* resulted in eight times the number of results than the other two, I restricted my search to 500 random tokens, a sum

approximating the size of the other two. I then catalogued the tokens in an Excel sheet, creating columns for sample number, publication year, category/connotation, and context.

In the case of Set 2 words, I searched using the "chart" feature where it is possible to "see frequency by section". This allowed me to sort the results using the "[s]ee frequency by country" tool and thus limit the scope of the search to publications within the United States. Since NOW is a corpus that collects data from news media publications from around the world, it made sense to restrict my search to publications within the United States as the slang terms in Set 2 all appear to originate from there. Additionally, this made the data more comparable to the data drawn from COHA, a strictly American English corpus. Limiting the search to the US still resulted in a sizeable number of hits: Swag appeared 6,855 times, flex 26,185 times, and swole 707 times. Since it would be too time intensive to review tens of thousands of tokens like in the case of flex, I used the corpus interface to select 200 random tokens from each. I then catalogued the results in a separate Excel sheet with columns that matched the Set 1 data. I justified using a smaller sample size for the more recent Set 2 words since the focus of this investigation is to better understand the historical roots of the slang terms.

3.2 Sorting and analyzing the data

3.2.1 Approach to Set 1 data

For Set 1, I used COHA's interface to search for collocates, setting the collocate window to a symmetrical -2/+2. However, I did not search for both left and right collocates simultaneously but instead performed separate searches for each. While setting such a narrow collocate window could be seen as restrictive, it also increased the statistical significance of my findings (Lindquist & Levin, 2018). Any collocates with a mutual information (MI) score lower than four were discarded. MI score "measures the collocational strength, i.e. the ties between the node word and each collocate" (Lindquist & Levin, 2018, p. 77). It is therefore important that any collocates with especially low MI scores be disregarded. Furthermore, any collocates that referred to a proper noun, such as a company brand or product like "Flex Fit", were discarded as were any compound words that were not relevant to this investigation, such as "swagger stick" and "swagger coat". The top ten collocates for both the left and right were then compared to the various definitions provided by Merriam-Webster's online dictionary.

Comparing the collocates to each word's respective definition in the dictionary steered the contextual investigation for each word in Set 1. This inductive approach to corpus analysis is quite common. According to Hasko (2012), "[r]esearchers using qualitative corpus analysis as the methodological basis for their investigations adopt an exploratory, inductive approach to the empirically based study of how the meanings and functions of linguistic forms found in a specific corpus interact" (Definition and Philosophy section). For *swagger*, the initial quantitative data (i.e., the collocate search) revealed the word's relatively pejorative connotation. To confirm this, I performed a contextual analysis in which I sorted the 685 tokens into one of three categories based on connotation: positive, pejorative, or neutral/indiscernible. For the verb *flex*, the initial evidence pointed in a distinctly different direction. It indicated that its use was restricted to physical motion, such as the bending of an object or the tensing of a muscle. However, since the dictionary

indicated that a more metaphorical use existed, each token was sorted into the categories literal and metaphorical during the context analysis. Similarly, the initial collocate search as well as the assigned dictionary definitions indicated that *swollen* was used to denote the literal expansion of physical entities, such as "a swollen eye" or "a swollen river." However, once again, the dictionary definitions also pointed to more metaphorical senses of the word, such as a "swollen ego". Therefore, during a closer contextual analysis of each token, each use of swollen was sorted into one of two categories—literal or metaphorical.

3.2.2 Approach to Set 2 data

After retrieving 200 randomly sampled tokens for each word in Set 2 from NOW, each token was individually analyzed in context to determine if it was used in the relevant sense provided by Merriam-Webster. This meant, for example, that any tokens referring to proper nouns were ignored. Once each smaller, more relevant subset had been compiled, I began analyzing each token based on the findings revealed in my analysis of its related word in Set 1. For example, since *swagger* was found to be largely used in a pejorative way, the focus of my analysis of *swag* shifted to determine if this was also true for it.

4. Results

4.1 Set 1 words

4.1.1 Analysis of swagger

The collocate search appeared to support Merriam-Webster's definitions of *swagger*. Merriam-Webster (2023) assigned eight senses to *swagger*, almost all of which can be associated with a host of negative qualities and behaviors, since these definitions use words such as arrogance, conceitedness, showiness, cockiness, boastfulness, ostentation, boldness, brashness, and bullying (see Appendix A). Of the top ten collocates by frequency on the left, five related to these negative associations—*jaunty, strut, brag, exaggerated*, and *bold* (see Table 2). Of the top ten collocates by frequency on the right, four related directly—*bluster, importance, braggadocio,* and *boast*.

Table 2. Collocates of swagger in COHA (1820-2010s).

Table 2. Conocates of Swagger in COHA (1020-2010s).					
Collocate -2	Freq.	MI	Collocate +2	Freq.	MI
JAUNTY	6	11.19	BLUSTER	4	11
TOUCH	6	5.51	IMPORTANCE	4	5.38
CERTAIN	6	4.17	BRAGGADOIO	3	12.81
STRUT	5	11.34	JAGGER	2	11.50
USUAL	5	5.39	TAILORED	2	9.03
BRAG	4	10.41	MATCHED	2	7.50
EXAGGERATED	4	8.2	BOAST	2	7.30
	ı			I	

CUSTOMARY	4	8.01	DASH	2	6.86
BOLD	4	6.65	UTTER	2	5.94
SLIGHT	4	5.89	SUIT	2	4.38

That said, it was through a close contextual analysis of the tokens that *swagger*'s largely negative connotation became apparent. Of the 685 tokens, 292 uses of *swagger* were found to be of a clearly pejorative nature, 92 were used in a positive light, and 297 were either used neutrally or indiscernibly (see Table 3). In many cases, *swagger* was used alongside strongly pejorative words and phrases akin to those hinted at in the collocate search, such as brazen, bluster, bold, fatuous, bluff, vulgar, bravado, assumed importance, taunting, truculence, boyish, haughty, insolent, careless, posturing smugly, supercilious, chauvinistic, bullying, foppishly, arrogance and raucous, to name a few. A number of tokens painted a picture of *swagger* as being something like a false display. It was also frequently associated with naivety and childishness. At other times, it was associated with an over eagerness to be seen as confident, fashionable, masculine, or dominant. The implication of these uses was that such attempts were unsuccessful—unconvincing gestures or superficial displays of greatness. For instance, *swagger* is just one part of a disparaging character description in sample 373 (See Appendix B):

dependent on the supercilious young boyar beside him-Baron Alexi D-Medved, six feet of boastful swagger in a satin surcoat and mail shirt, his head as empty as his helm (*FantasyScFi*, 2000).

Sample 636 provides another demonstrative example where *swagger* is paired with "self-satisfied" and used as an obvious insult:

This issue is the antidote to all that. No bullshit, no self-satisfied swagger or fatuous self-aggrandizement (*Esquire*, 2011).

Table 3. Tokens of swagger sorted by connotation.

Positive	Negative	Neutral/Uncertain		
123	341	221		

However, not all the sample data cast a negative light. Several tokens, though certainly not a majority, associated *swagger* with grace, wit, spirit, genuine courage, and confidence. These associations were mostly found in the context of the military, sports, and the performing arts, settings that could be understood to benefit from a type of confident display or show of power. For example, this can be seen in sample 112:

There was none of the graceful swagger of the genteel comedian -- none of the solemn emphasis of him who wears the... (*BorderBeaglesA*, 1840).

Overall, the data indicated that *swagger* tended to be used pejoratively, but not exclusively so.

4.1.2 Analysis of the verb flex

Flex's collocates clearly pointed to a body part's ability to bend or a muscle's ability to tense. This was due to collocates such as muscle/s, knee/s, arm/s, fingers, abs, and yoga (see Table 4). What was less apparent were the collocates used to describe an inanimate object's ability to bend, such as a golf ball's "face flex." Overall, almost all the collocates reinforced the definitions of flex provided by Merriam-Webster—a verb or noun referring to literal act of bending or tense. What was not clear from the collocate data was whether flex was used in the more metaphorical sense—to use or demonstrate one's skill or power, as in "flexing her singing muscles." Hence, a closer contextual analysis of the individual tokens was necessary.

Table 4. Collocates of flex in COHA (1820-2010s).

Collocate -2	Freq.	MI	Collocate +2	Freq.	MI
FACE	14	4.64	MUSCLES	30	10.37
MUSCLES	9	8.63	MUSCLE	9	9.17
NATURAL	4	4.86	KNEES	9	7.50
ABLE	4	4.27	FINGERS	6	6.14
FORGIVING	4	10.19	ARM	6	5.35
KNEE	4	6.86	ARMS	4	4.44
ADDITIONAL	3	6.25	EXTEND	3	7.33
BEGINNING	3	4.67	THRUST	3	6.75
ADDED	3	4.36	SWEATPANTS	2	12.41
YOGA	2	9.62	ABS	2	11.02

A contextual analysis of the 436 individual sample tokens showed that *flex* was largely used in the physical sense of bending or tensing one's muscles. In fact, 186 tokens used it in the sense of bending and 119 used it in the sense of tensing one's muscles. In other words, the vast majority, almost 70%, used it in one of these two ways (see Table 3). Sample 130 demonstrated how it can be used to indicate a bending motion specifically of a body part (see Appendix C):

Also, when climbing in the saddle keep your upper body low, flex your elbows, bend at the hips, and keep your back fairly straight (*Bicycling*, 1996).

On the other hand, sample 76 showed how it can be used to describing a tensing of the muscle:

...his ropy muscles flex and stretch across his shirtless arms and back (Himalayan Dhaba, 2003).

Another 13 tokens used *flex* as a noun meaning an electrical cable or cord, a chiefly British usage according to Merriam-Webster. This left 49 tokens, or about 11 percent, that were used in a metaphorical manner, one meaning to demonstrate or show off one's strength,

skill, or ability. These metaphorical uses could be broken into three distinct types. The first used a version of the phrase "flex his/her/its/their muscle(s)". Sample 153 provided an illustrative example of this:

...one of the most powerful and well-funded such groups in America, is able to flex its considerable muscle. (*Bazaar*, 2000).

The second type, blended the phrase "flex one's muscles" into the structure and meaning of the sentence, pointing to a specific type of demonstration, usually adding a modifier in front of the word *muscles*, like in sample 256:

...by organizing themselves into a cartel, the LDCs began to flex their own political muscles (*NewPoliticsScience*, 1984).

The third type omitted the word muscle altogether, instead relying entirely on the word *flex* to express demonstration, like in sample 230:

Overseas, a woman finds more opportunities to flex whatever qualities of leadership she may have (*Harpers*, 1968).

This last type shows *flex* has evolved to be used without the word muscles altogether.

4.1.3 Analysis of swollen

Almost every collocate on both the left and the right of the verb *swollen* was associated with the symptoms of a medical condition or ailment (see Table 5). In fact, only river and stream(s) appeared to refer to a different category. This matched Merriam-Webster's (2023) first two senses of the word—"to expand (as in size, volume, or numbers) gradually beyond a normal or original limit" and "to become distended or puffed up"—but it did not address the other six senses:

- to become filled with pride and arrogance
- to behave or speak in a pompous, blustering, or self-important manner
- to play the swell
- to become distended with emotion
- to affect with a powerful or expansive emotion
- to increase the size, number, or intensity of

Thus, a further analysis of the individual tokens was required.

Table 5. Collocates of swollen in COHA (1820-2010s).

Collocate -2	Freq.	MI	Collocate +2	Freq.	MI
FACE	124	4.71	EYES	92	4.16
RED	121	6.07	FACE	77	4.02
EYES	117	4.51	LIPS	68	6.14
EYE	38	4.77	RIVER	60	5.37
SLIGHTLY	34	6.07	SHUT	54	6.17
TONGUE	33	6.35	FEET	48	4.31
LIPS	31	5.01	STREAMS	40	8.10

BADLY	26	6.64	STREAM	40	6.53
LEGS	22	5.12	BELLY	39	8.22
BRUISED	19	8.48	ANKLES	2	9.23

Except for sense number eight, all of the latter senses mentioned above differ from the first two in that they use *swollen* to describe an emotional state, rather than a physical one. These senses rarely appeared in the 500 randomly sampled tokens. In fact, only 13 of the 500 used *swollen* anything close to these more metaphorical senses (see Appendix D). The other 487 tokens either used *swollen* to denote an enlarged body part, animal carcass, or body of water or to describe how a nation's population or budget has increased in number or size. The most common uses had to do with human body parts like in samples 408 and 329:

- ...his head swathed in bandages, the lower part of his face swollen and bruised to an extent that prevented speech (*CaliforniaCaballero*, 1936).
- Her face was red and her eyes swollen (Visionaries, 1905).

It was also common for swollen to refer to a flooding river or lake, like in samples 338 and 368:

- The swollen river rolled and roared between (*FeastVirginsOther*, 1891).
- ...make ends meet fishing have also suddenly found themselves unable to make money as the swollen lakes are still firmly closed (*FoxNews*, 2019).

These uses of the word could be interpreted to be literal and concrete as they describe the physical properties of a physical entity. However, the same could not be said for the remaining 13 tokens. They refer to non-physical notions like the style of writing within a manuscript or the state of pride within a particular person. This use of the word had a clear pejorative connotation, one which described something or someone in a state of excess. This can be seen in samples 381 and 45:

- She had crawled out of the tipi wondering where to go, her swollen awkwardness not something she cared to display in a different lodge (*HantaYo*, 1979)
- It treated people as they deserved, like frogs swollen with pride who imagined that they had created the swamp with their croaking (*FantasySciFi*, 1998).

It can be concluded from this analysis that *swollen* was by and large used in a literal fashion to describe physical objects.

4.2 Set 2 words

4.2.1 Analysis of the slang term swag

Of the 200 random tokens, 50, or 25%, used *swag* in the relevant sense of "bold or brash self-confidence: swagger, cockiness," a rather large share considering Merriam-Webster has assigned it fourteen different senses and has described it as one of "the most gloriously polysemous entries in the catalogue of English words." 27 of the 50 were used in the context of sports, specifically praising a player's in-game performance. The other 23 were almost all used in the context of music, politics, and fashion.

Interestingly, none of the 50 uses could be interpreted to be pejorative. In contrast, every instance of *swag* was used to pay another person a compliment. This certainly went against the implication in Merriam-Webster's dictionary that associates it with *bold* or *brash* confidence, both adjectives that indicate unseemly excess. Furthermore, these

instances did not support the idea that *swagger* and cockiness can be used interchangeably. *Swag* was instead depicted as a desirable quality, something of which to be envious, like in sample 42:

you were just jealous of Cardi... She's got more swag than you,' she continued' (Complex, 2020).

This is not to say that *swag* did not refer to self-confidence, just that from the context analysis of these 50 tokens, it was clearly a pleasing or healthy amount. In fact, sample 178 showed how the speaker sees cockiness as something different than *swag*:

Just ask his coach. # " He's got that little bit of swag about him, " Kraft said. " He's not trying to be cocky (*Pilotonline.com*, 2019)

4.2.2 Analysis of the slang term flex

Only 15, or 7.5%, of the 200 randomly sampled tokens used *flex* in the slang sense ascribed by Merriam-Webster (2023), either as a verb that means "to talk in a boastful or aggressive way" or "to make an ostentatious display of something" or as a noun meaning "an act of bragging or showing off". Samples 108 and 156 demonstrate each use respectively:

- ...this limited-edition release from Nike's elite Tier Zero line is one way to flex your knowledge of sneaker history, and good taste (*GQ Magazine*, 2013).
- It's the ultimate flex, one very few people who ever reached his level seem capable of pulling off... (*KATC Lafayette News*, 2019).

Interestingly, 32 separate tokens used the metaphorical sense meaning "to demonstrate" as discussed above. Sample 193 provides a typical example of this:

his City Hall troops, though some question whether his Grassroots political club can still flex its traditional muscle on the East Side. # Over the past few days (*Buffalo News*, 2021).

The metaphorical use of *flex* as a verb seems to be on a sort of spectrum. That is to say, it is not always clear when a speaker means to say an entity is merely *demonstrating* their skills or *boasting* about them. One thing is certain, all of these uses of *flex* function very differently than the older uses of the word, which meant to bend or move muscles.

4.2.3 Analysis of the slang term swole

Merriam-Webster (2023) defined *swole* as an adjective meaning "extremely muscular: having a physique enhanced by bodybuilding exercises." Of the 200 randomly sampled tokens in NOW, 54, or approximately 27%, used *swole* in this way. The other 146 tokens largely referred to proper nouns, such as the American professional wrestler Swole. These uses were disregarded. The vast majority of the relevant uses were associated with the fitness and impressive muscle size of actors in action films, bodybuilders, athletes, and fictional characters like Batman. These tokens matched Merriam-Webster's definition.

Interestingly, Merriam-Webster connects *swole* to *swollen*, which makes sense morphologically, but which is less obvious semantically, since neither shares a meaning. Instead, it seems that *swole* is an example of metaphorical semantic change. In other words, it seems these two words share a conceptual similarity. Since *swollen* has long been used to describe objects that have grown in either size or quantity, it seems that

swole was used in this sense to apply to a person's overall muscularity. While this might seem an obvious extension, this study's investigation of *swollen* in context shows that it has been largely used to describe enlarged body parts, but not because of happy or healthy predicaments, but due to consequences like inflammation, infection, grief and even death. In this way, the semantic change from *swollen* to *swole* could be seen to be both metaphoric and possibly ameliorative.

5. Discussion

The results of this study suggest that a type of semantic change occurred in each pair of related words. However, not all three pairs of words underwent the same type of change. *Swagger* and *swag* appear to have undergone the process known as amelioration, while the different versions of *flex* as well as *swollen/swole* experienced metaphorization. Amelioration can be understood to be the process where the sense of a word becomes more positively valued by the speaker. Metaphorization, on the other hand, refers to the process where a word's sense is extended to include meanings considered conceptually similar or analogous.

Swagger was found to have been largely used as an insult, a word meant to dress down someone the speaker felt was violating a certain sense of decorum relating to modesty, humility, maturity, or authenticity. In contrast, swag was seen to be used rather exclusively as a compliment or a point of pride. While Merriam-Webster ascribes similar denotative senses to these two words, this investigation found that these words have very divergent connotative meanings. In other words, swag not only underwent a morphological change, but also a semantic change, specifically an amelioration of its connotation.

The verb *flex* was shown to be largely used when denoting the action of bending or the tensing of a muscle. However, it should be noted that a small minority of uses were shown to use it in a more metaphorical manner, one which meant to demonstrate or show off one's power, ability, or skills. This latter usage was around 11 percent of all the instances available in COHA, the first example of which did not appear until 1949. These rarer metaphorical uses pointed the way to the slang term *flex*, which was found to be used as a noun as well as a verb. *Flex* seemed to have undergone a series of stages of semantic change. In the first stage, it was solely used as a verb to express bending or tensing. In the second stage, its function or word class remained the same, but its meaning expanded to include the metaphorical sense where *flexing one's muscle* meant to demonstrate one's power, skill, or ability in a certain area. In the third stage, one sense of *flex* underwent a functional shift where it started being used as a noun meaning to brag or boast. This last stage also saw that *flex* could be used alone. Specifically, it was no longer necessary to pair it with the word *muscles*, and it could be used as a synonym of a brag or boast.

Swollen, the past participle of the verb swell, was found to be mostly used to describe an infected or inflamed condition of a body part—or at times, the process of bloating associated with rigor mortis. It was also commonly used to describe bodies of water that had exceeded their original size or the populations of cities or countries that had grown

quickly and unanticipatedly. A few tokens indicated that *swollen* was sometimes used metaphorically and pejoratively to describe an unseemly increase in a particular human quality, such as pride or sense of self-worth. In contrast, the slang term *swole* was found to be used as an adjective meaning "extremely muscular." This sense of the word appeared to undergo metaphorization, since the idea of being extremely muscular could be seen to be conceptually similar "to expanding beyond a normal or original limit", in this case a person's original muscularity or body size.

6. Conclusion

This investigation sought to determine if semantic change occurred in three contemporary American English slang words, *swag*, *flex*, and *swole*, and if so, what type. After a careful collocate and contextual analysis of each word's original sense with the help of the historical corpus COHA, followed by a contextual analysis aided by the contemporary corpus NOW, it was concluded that all three did in fact undergo a type of semantic change. *Swag* shifted from a more pejorative connotation to a more positive one, a process known as amelioration, while both *flex* and *swole* experienced an extension of their original meanings through the process of metaphorization. This study solely analyzed the *mechanisms* of semantic change in the three selected words, but the *motivations* for these changes—that is, the reasons that caused their change—would be equally interesting to understand. Additionally, this study was limited to analyzing three examples of contemporary slang. It might be fruitful for future investigations to analyze a larger number of slang terms to better understand the mechanics of semantic change of slang in general.

Appendix B

All available tokens of the word *swagger* in COHA, categorized by connotation, positive (+), pejorative (-), or neutral/indiscernible (0).

	Year	Connotation	Context
1	1846	-	Sandwich Islands. But let no one be deceived by these accounts. The chiefs swagger about in gold lace and broadcloth,
			while the great mass of the common people
2	1849	+	large sums to adorn his house or buy another estate; and with a valiant swagger and grasping of his cudgel longs exceedingly to have another bout at quarter-staff. Though
3	1851	0	smiling innocence of the villages through which he floats; his swart visage and bold swagger are not unshunned in cities. Once a vagabond on his own canal, I
4	1856	+	. There was something like a defying desperation in his tones, in the dare-devil swagger of his movement, and the almost iron pressure of his grasp upon my fingers
5	1856	+	despotism is that! Can't a friend get drunk, or game, or swagger ? may he not depart from the highway, and sidle into an alley,
6	1856	-	gentlemanly appearance of these young men, and that they had nothing of that Cuffy swagger by which those freed from a servile state try to cover a painful consciousness of
7	1860	+	splendid mansion he had occupied for years, was remarkable. He lost the impressive swagger that always said, " I am the first man in S;
8	1873	+	double-shuffle, and then advancing to the foot-lights with that inimitable look, that audacious swagger and utter abandon which had so thrilled and fascinated them a moment before, uttered
9	1874	0	swinging pace, whistling cheerily. He was very tall; he walked with a swagger . You could make out no more in the darkness. The great house loomed
10	1882	-	village. The resolutions he described as being the work of presuming boys, who swagger of time immemorial; of strangers who had lived but a brief time in the

		1	
11	1882	-	enjoyment; and that their society had for its characteristic distinction the fussy pretension and swagger that usually mark
			the presence of lucky speculators in stocks. He had attributed to
12	1886	-	fellow. One after another they glide in, with an always conscious air, swagger off to the bar, strike attitudes in groups,
			one with his legs spread
13	1888	+	, and became his graceful figure well, as he marched along with a jaunty swagger , one hand on his aide, and the other
			toying with a beautiful little
14	1888	_	your figure; throw back your head; walk with a little springy sway and swagger , as if you didn't care a damson for
			anybody, and there
15	1888	_	windy, you know; throw back your head and fling yourself along with a swagger , as if you didn't care, ahem! for
			anybody, and
16	1888	_	you not to come back again! " Clara threw up her head with a swagger , and went on. " Very well, you may scorn my
			words,
17	1890	_	at a salary of four dollars a week, and is no longer able to swagger and boast as he has done hitherto. Mr. Tomkins,
			Linton's father,
18	1894	_	a pass of my own fortunes when keeping hansoms at doors seemed to me pure swagger . As a trick of this bold and
			sensitive girl, however, it became
19	1894	_	home in them, " said the Englishman, with just the hint of a swagger in his tone. " But your balloons are poor, primitive
			things at best
20	1894	?	Peter. So when Peter shook hands, the next evening, with the very swagger young lady who stood beside her mother,
			receiving, he was told: "
21	1894	+	, " said Thomas Payne, and was out of the yard with the gay swagger which he had learned along with his Greek and
			Latin at college. The next
22	1894	0	loud, and knitted fiercely. But poor Thomas Payne, striding with his harmless swagger up the hill, whistling as loud as
			might be one of his college airs
23	1895	+	would sometimes spend our evenings in Nina's rooms. She lived in a tremendously swagger house in the Avenue de
			l'Observatoire, on the sixth floor, to
	1	1	

-		T
1895	0	unimaginative young people in the Latin Quarter used to be. I have seen Bibi swagger; I have seen him sullen, insolent,
		sarcastic; I have seen him
1896	-	equipage attracting every eye as he drove forth, nor a gentleman's gentleman whose swagger and pomp outdid that of all others in his world. Soon after the breaking
1007		-
1897	-	" She is vulgar from her red pompon to her boots. She has the swagger of a soubrette and she has left a trail of perfume behind her pah
1897	+	the music in the Kellers, and there go the same Bavarian officers with their swagger and saucy blue eyes. They are the handsomest men in Europe! And here
1897	-	But they deceived nobody; they all had that nimble brain, and that unconscious swagger of importance and success which stamps the American in every country. Prince Hugo,
1897	?	, and behind them more blue-jackets with bare, bronzed throats, and with the swagger and roll of the sea in their legs and shoulders. An American flag floated
1897	0	curly hair, curly chin beard, and mustache. He walked with a little swagger , and his legs were slightly bowed. Morris called him " a little feller
1899	0	the entrance of a tall, dark-complexioned man, who carried himself with a peculiar swagger , and seemed to be famous for something or other, diverted the attention of
1899	-	win or lose. He approached Madame at the table with a semblance of that swagger affected by the weakling in presence of women, yet permitting the wandering eye and
1900	+	functionary, and admires the "English" cut of his clothes and his Eastern swagger . A large hotel is her dream of luxury, and a couple of simultaneous
1900	_	Stetsons, whar some of em' 11 be afore night! With a swagger he lifted the bottle to his lips, and, stopping short, let it
1900	0	is no danger? You advise me to brazen the dina giacca out, to swagger it off? " " I don't understand, Signorino, " said Marietta
1900	-	on her handsomest salver. She presented it with a flourish that was almost a swagger. Twice the size of an ordinary
		visiting-card, the fashion of it was roughly
1900	-	The Lord Prince Cardinal Udeschini was here, "said Marietta. There was a swagger in her accent. There was also something in her accent that seemed to rebuke
	1896 1897 1897 1897 1897 1899 1899 1900 1900 1900	1896 - 1897 - 1897 + 1897 - 1897 0 1899 0 1899 - 1900 + 1900 - 1900 - 1900 - 1900 -

38	1900	-	grin, as much as to say I was a proven coward after all my swagger . But the captain merely replied: "Oh, let the matter rest as
39	1900	+	Canewood. He came in one morning, hungry and footsore, but with a swagger of importance that he had well earned. He had left his Young Captain Basil
40	1901	-	turned, shaped, by a woman! He may deny it. He may swagger and lie about it. Heredity, ambition, lust, noble aspirations, weak
41	1901	-	now they, saw; it was his eyes that had dispelled the boast and swagger of the Gaul, the superciliousness of the Capuan, and whatever of brawling boldness
42	1901	-	away after the rest, seeking to conceal the humiliation of his retreat by the swagger of his gait and the fierceness of his expression which there was no one
43	1904	-	I wouldn't sell you nothing, anyway, " said Parky, with a swagger . " He couldn't git grub here now for no money savvy?
44	1905	-	all right, you can trust Jake Shaggam, " replied Gouch, with a swagger . Liquor had deprived him of all his natural shrewdness. He insisted upon talking
45	1906	-	not in the way that causes awkwardness, but in the way that causes a swagger . One had only to glance at him to know that he was offensive to
46	1907	-	's and the whole vulgar lot of them would come over and take possession and swagger about the place as if they had been born on it. As to divorce
47	1907	-	have begun to cry before this. That is what stimulates me. You will swagger to the end. You put the devil into me. Half an hour ago
48	1907	0	his manner of bearing himself erect, and even with a certain touch of cool swagger , was, it was evident, achieved only by determined effort. He looked
49	1907	-	ye? " " Elivin, " replied Jimmy, with a bit of unconscious swagger . " I am havin' poor luck to-day. " " How mony wad
50	1907	+	hour like this is to live! Not a thing is missing; all this swagger furniture, the rich atmosphere of smartness about the whole place; best of all
51	1907	-	the ferry-boat. No; he did not have the perfidious smirk or the brazen swagger of the lady-killer. Sincerity and modesty shone through his boreal tan. It seemed

52	1908	-	" turnouts " were " nobby " and " natty "; they were " swagger " and " smart " and " swell. " However, the horse was
53	1909	-	ending his sentence, he swaggered out of the shop. But to Maida his swagger seemed like something put on to conceal
			another feeling. Maida suddenly felt very tired
54	1910	+	read about him in the papers too, and she thought it'd be the swagger thing to go to New York and hear him play so we
			went
55	1910	-	in America once and forever. His confidence and assumption and what Senator Dawes called swagger were not to their
			liking. Anyway, Custer was attracting altogether too much attention
56	1911	-	firmly and resolutely, with his head well up, yet without any trace of swagger or bravado. As he reached for the
			doorknob, Mr. Leslie bent forward and
57	1911	-	room to be taken care of and petted and comforted. He left all his swagger and bluster and bravado outside, and I babied
			him to his heart's content
58	1911	-	a significant expression. " And the hero will not be an Easterner to swagger through the pages of the book, scaring
			people into submission through the force of
59	1912	-	having been carefully thought out and decided upon beforehand, I approached with a bold swagger the shop of a
			reputable-looking banian, and, in the usual manner of business
60	1913	-	try to put on airs with them. The French boys liked a bit of swagger, and they were always delighted to hear about
			anything new: new clothes,
61	1913	-	, boisterously. He moved toward Dick Gilder, walking with a faint suggestion of swagger to cover the nervous tremor
			that had seized him. " So long, young
62	1913	-	and resentful, or boastfully delighted and given to a common youth's excitedly common swagger at finding himself
			suddenly a " swell. " This special kind of youth would
63	1913	-	know about decent living? And ten to one he'd be American enough to swagger and bluster and pretend he knew
			everything better than any one else, and lose
64	1913	-	sort of, "he said, but in a manner curiously free from fatuous swagger." I've had luck that way. I guess it's been because
65	1913	-	cried. "I believe it's all a bluff. "His crude-sounding young swagger had a touch of final desperation in it as he turned on
			Palliser. "

66	1913	0	She's my secretary, "Hutchinson began to explain, with a touch of swagger . "I've got to have a secretary, and I'd rather trust
67	1914	-	's walk was affected; he adopted a gait which was a kind of taunting swagger ; and, when he passed other children on the street, he practised the
68	1914	+	not to mention her own. From time to time she had dreamed of a swagger tailored suit, but the paradox of a swagger tailored suit in San Pasqual had
69	1914	+	time she had dreamed of a swagger tailored suit, but the paradox of a swagger tailored suit in San Pasqual had been so apparent always that Donna could not bring
70	1914	-	the air of a man accustomed to be obeyed, and yet there was no swagger or truculence in his bearing. His glance was singularly fearless and direct, and
71	1915	-	. And I know that, "he added, attempting a bit of a swagger , "for I secured the commission for him myself. "He came out
72	1916	-	was no backing out; he had got to go on. He tried to swagger and look very bold and brave. " I told you I'm not afraid
73	1917	-	In those soaring days, let us hope that you played the villain with a swagger , or being cast in a softer role, that you won a pink and
74	1918	-	my hat as I please, indoors and out. " Sometimes this is mere swagger . Sometimes it is superb. So much for the type. Let us turn
75	1919	-	this other thing. I don't know, but I MIGHT. " The swagger with which he said this, the confidence in himself which he showed and the
76	1919	-	as he seemed. He had too much genuine sense. It was just boyish swagger and show, and still it was time that he was getting over that and
77	1920	-	in from far countries with their precious cargoes of furs. And they no longer swagger and tell loud-voiced adventure, or sing their wild river songs in the same old
78	1920	-	, but they cringed into second place before the Turks, who, without any swagger at all, lorded it over every one. For the Turk is a conqueror
79	1920	-	flame, from watching Maga. " To see whether thou hast manhood behind that swagger ! " answered Kagig, and led the way. No man ever yet explained

80	1920	0	tar and feather that telegraph operator. I guess Dad was right. " The swagger went out of Hugh's walk and he stopped to
			let the men pass out
81	1920	_	us a job on the pitheid? " and Walker noted with amusement the manly swagger in the boy's voice and bearing. " We
			dinna' usually start lasses
82	1920	_	steady ones of the Arizonan. "Slim" Jim, with a touch of swagger to save his face, stepped into the cab and sat down.
			Clay followed
83	1920	-	wouldn't go through it again in the same cause. " There was no swagger in his statement, just simple earnestness. The
			room was very still for a
84	1920	0	know everybody? "Her clear eyes met his without self-consciousness. He attempted a swagger . "I don't want to know
			everybody. How do they happen to
85	1920	0	Barbee came, his wide hat far back upon his tight little curls, his swagger pronounced, his sweet blue eyes shining softly
			his lips battered and bruised and
86	1921	0	sharpened nerves, she set it down to cowardice, and put on an extra swagger now as her eyes met his. Rothgar surveyed
			the sprig of defiance with no
87	1921	0	and a cloak instead of his Norfolk coat. He walked with a little swagger , and stood with his hand on his hip, as if his
			palm pressed
88	1921	0	glorious hair shone like copper, her hand was on her hip, her little swagger matched the swagger that we remembered in
			the old Jimmie. I wondered if Elise
89	1921	0	like copper, her hand was on her hip, her little swagger matched the swagger that we remembered in the old Jimmie. I
			wondered if Elise remembered. *
90	1921	-	in general. The only thing that disturbed his mind was the fact that, swagger as he would, his shoulders, usually so square
			and trim, refused to
91	1922	-	of the architect, useless in itself what was it but the touch of swagger , of bravado, of defiance going out into the vast,
			meaningless,
92	1922	-	a splendid dark ruffian lounging along. He wanted to show off, and his swagger was perfect. Long black onyx eyes and a
			tumble of black curls, and
93	1922	-	. Dat was where I loined to take punishment. With a grin and a swagger . I'm a chip offen de old block, get me? LONG

94	1922	0	enough. in their wide sombreros, woolly chaps, gay shirts, and a swagger that matched their trick of shooting. The miners
			were swarthy, bearded foreigners,
95	1922	+	it. I am delighted at some of my own antics. I love to swagger and I adore an audience, but to be laughed at by others would kill
96	1922	+	swashbuckling character; it goes with the ruffles, the jack boots, and the swagger . It is a luxury of which I am extremely jealous. "Bringing his
97	1924	-	the freshman his charm, and he did not succeed very well in acquiring the swagger , the cocky, patronizing manner, the raucous self-assurance that characterize the true sophomore
98	1924	-	to a brighter and broader vision of life. Merciful heavens preserve us! You swagger around utterly contemptuous of the man who hasn't gone to college. You talk
99	1966	+	fifteen minutes, and seemed as bright as usual, with a kind of added swagger at being the central figure in a dramatic situation. " I wonder you hed
100	1975	-	put him in irons. " Singleton stood up, with a sort of swagger . He wes less intoxicated than Turner, but ugly enough. He faced the
101	1826	-	,' T is in a lisp or oath. His gait's between A swagger and a dance. His grin's from France, His leer from Cyprus.
102	1832	+	expression that agrees with his character. The same trait is heightened by the half swagger with which he strikes his boot with his riding-whip, or keeps at bay a
103	1833	-	him to render him an object of notoriety. Mark the easy dignity of that swagger as he rolls along, staring impudently at all the women and frowning valiantly at
104	1835	-	and he is a cautious fellow too, although there is a good deal of swagger and bullying about him, which might deceive one at first sight. " "
105	1835	-	inspection; then breaking into a laugh, he replied with a free and impudent swagger " You are mistaken, Master Jack Pudding. What says the proverb?
106	1836	0	, marched into the green-room with a dignified air, approaching a little, to swagger passed unnoticed by the students who were conning their parts, at the last
107	1836	-	instead of the easy careless air that formerly characterized him, he had a bullying swagger , as if he thought every one near had heard something against him which he

108 1836 - approaching Balcombe. Whitehead alone came in with something like the careless movement between a swagger and a lounge, which I had seen him assume when requested by Shaler to momentary stop to their conversation. He saluted them civilly but foppishly, with a swagger of importance, which added to the distaste already expressed for him by Vasco Nunez 110 1840 - flushed, and his lips stained with wine. There was a certain air of swagger very different from his usual elegant quietness of manners; and his eyes were fixed 111 1840 - Horsey with merriment, and would have filled a wiser man with sadness. The swagger, the solemn strut with which it was accompanied, and the air of superiority 112 1840 + the devil-may-care deportment of the sect was lacking. There was none of the graceful swagger of the genteel comedian-none of the solemn emphasis of him who wears the old man, with the feated 115 1843 0 , but when, or where, he could not possibly divine. 				without so much as lifting weapon, or

122	1848	-	however, that outlaws of this description were proverbially timid, beneath all their outside swagger , and his hope lay
			chiefly in the fears which he had evidently excited in
123	1849	-	deeming this a good opportunity to begin hostilities, advanced to the bar with a swagger , and said to the Irishman,'
			You're too hard upon that
124	1850	0	are reckoned quite upon the outskirts of society. Others again, with abundance of swagger, yet from a want of either
			money or music, are in an almost
125	1853	0	, " with his broadsword of the twelfth century, and his foreign gait and swagger. " The blood rushed furiously into the
			weather-beaten cheeks of the proud foreigner,
126	1855	0	" " I tell you he does! " said the boy, with a swagger ; " and we're goin' now to " " Oh,
127	1855	-	of Tarnishes will proceed upon their way, I suppose, and boast, and swagger , utter falsehoods and menaces, and play
			their parts and be rewarded duly.
128	1855	0	I repeat that my business is private. " Captain Tarnish assumed his most imposing swagger , and measured him who
			uttered these calm words, with a look which he
129	1855	-	captain is unchanged, however, and is more conspicuous than ever his boastful swagger and supercilious look. As he
			enters with his half-smoked cigar between his lips,
130	1855	+	calculated to endanger his person in the visit, Captain Tarnish assumed his most noble swagger , and with haughty mien
			strode down the street toward the residence of Mr. Sansoucy
131	1855	+	a knock came at the door a knock full of dignity and authority and swagger if the things are compatible. "Enter!"
			said Mr. Sansouey,
132	1855	+	part of a great mission, not without some danger, which he intended to swagger through the performance of, as
			impressively as possible. " Good morning, Captain
133	1855	0	it, sir, " said Captain Tarnish, advancing two steps with a martial swagger ; " I'll wait for an answer, and a reference to
			your friend
134	1855	0	it seems, sir! " said Captain Tarnish, preparing to launch a parting swagger at his opponent. " Not of this description, "
			Mr. Incledon said,
135	1855	-	said coolly: " What a miserable feeling it must be, to boast and swagger , bluster and utter threats, and then to sneak away,
			and hide the

136	1855	-	degrade myself by meeting in friendly contest a man who brings a bullying and insolent swagger to insult my friends
			with and finding that his miserable errand is abortive,
137	1863	-	slight man, gentlemanly in appearance and action, but with an occasional dash of swagger that somehow did not indicate
			courage, and the undefinable impression of the " old
138	1866	+	effect in the country church, and anticipated a very handsome triumph by the easy swagger with which he would greet
			old Deacon Tourtelot and ask after the health of Miss
139	1866	0	" Damme, if I know! " Barton exclaimed, returning to his customary swagger. It was quite enough that the matter was
			generally talked about, and he
140	1866	-	so you shall, Dad! " the son exclaimed, relapsing into his customary swagger, as the readiest means of flattering the old
			man's more amiable mood.
141	1866	0	bondage, and longed to draw a free, unworried breath. With all his swagger, his life had not always been easy or
			agreeable. A year or two
142	1866	0	the great danger he had escaped; but it gave him an admirable opportunity to swagger. He could do no less than promise
			to summon the volunteers in the morning
143	1868	0	whole room was hushed dead as night for a minute. Even Nolan lost his swagger in a moment. Then Morgan added, "
			Mr. Marshal, take the
144	1873	-	, that such crimes are ever punished. The desperado stalked the streets with a swagger , graded according to the number of
			his homicides, and a nod of recognition
145	1875	0	bone of left forearm gone lost in a fight has a kind of swagger in her gait and a gallus' way of going with her arms
			akimbo and
146	1879	-	though just from work, rather boyish in manner, with a suggestion of street swagger. He wears a long peaked flashy cap,
			etc., and presents a rakish
147	1883	-	taunt he turned back, thrust his hands into his pockets, put on a swagger, and stammered: "No, I'm not afraid of a girl,
148	1892	-	saw that, as they entered; saw Notely enter with his easy, unobservant swagger, lest the unexpected visit of this
			fashionable company should embarrass her. He walked
149	1892	0	the best hands every mortgage is paid off. I don't want to swagger, but I've got half a dozen places. I don't want to
150	1896	_	The girl had a certain hold of him, but with a great deal of swagger he hadn't the spirit of a sheep: he was in fear of his

151	1898		, boys, and forage, For a man can't fight on porridge And swagger with a soldierly effrontery. There's no butcher to be
			paid, And
152	1900	-	name and credentials. " Entering beneath the three golden balls, with, the swagger and general air of ownership I thought
			most likely to impose upon the self-satisfied female
153	1906	0	interest in the gold embroidery, ardent curiosity in the gleaming boots, an almost swagger in the empty sword-belt. Truly,
			his Highness had calculated well. By the
154	1906	-	And, as he left the palace and entered the square, his officer's swagger was just a trifle overdone. For he had shot up, as it
			were
155	1908	-	He was flushed with drink and inclined, as always at such times, to swagger with a sort of savage playfulness. " Scalf,
			you ain't got yo
156	1908	-	Holding this little figure by the hand, Jake Sawyer walked along with a tremendous swagger , the proudest man in the
			county of Simcoe. Another man was strolling toward
157	1908	0	girl guessed at Sawed-Off's perfidy. Tim jumped up in excitement and began to swagger up and down, his hands in his
			pockets. It was as good as
158	1909	0	if some of the little Corsican's dominance was allied with a touch of Bearnais swagger in the stalwart youth whom she
			had met for the first time in Rudin's
159	1909	0	and careless natures. He had never had any real business instinct, and to swagger a little over the land he held and to treat
			offers of purchase with contempt
160	1909	-	a girl than to a man. Now, Ormsby smiled sardonically at the unconscious swagger of the young man, and he wondered,
			too. Indeed, he had
161	1909	-	disdainful, the stranger should see that all their clanking iron, their dominating swagger , and their trained animals
			could not make him move an eyelash of wonder.
162	1909	0	send, you are the best, "he decided "and by that swagger I'll be safe to swear your grandsire was of the conquistadores
			I thought
163	1909	+	wandered over the ill garbed figure and tried to fit it to the bit of swagger and confidence " I guessed at your
			grandfather now I'll have

164	1909	+	of strange dark eyes peeping from the terraces. But Chico had quite lost the swagger of the adventurous youth since he
101	1707	'	tumbled down the arroyo bank almost on top of
165	1912	+	character in the Southern town, and a fierce appearing individual, with a military swagger , which Phil believed to be
			wholly assumed, immediately addressed himself to the two
166	1912	0	her suit-case, she eagerly scanned the figures about the station. Three or four swagger young drummers had scrambled
			off the smoker, and these ambassadors of fashion as many
167	1914	0	Nerve to hoist the Lorgnette. Elam went out and had himself draped by a swagger Tailor who was said to do a lot of
			Work for the Vanderbilt Boys.
168	1914	-	passing in and out through the great open door: plumed cavaliers, their arrogant swagger for the nonce put off; gray
			pilgrims, weary and dusty, with blistered
169	1915	-	The visitor was dressed in very pronounced clothes, and carried himself with a self-assertive swagger . Maxwell had seen
			him in Bascom's office, and knew who was waiting
170	1916	0	Jap Kemp gave me one to carry " Bud tried not to swagger as he told this, but it was almost too much for him."
171	1918	-	a dangerous feat, "Daddy Longlegs told them. Then he would strut and swagger about, trying to appear as if there wasn't
			a braver person than he
172	1918	-	punt in the tickle waters; but no big adventure no right t' swagger none t' cock my cap an' no great tale o'
173	1920	-	occasional air of masculine loose-jointedness about her movements, a half-defiant sort of slouch and swagger which
			would probably carry much farther in her Old World than in our easier-moving New
174	1921	+	eyes. Nonchalantly he sunned himself in the limelight, with that little touch of swagger that captures the imagination of
			girls. No man in the cow-country dressed like Rutherford
175	1921	-	the rogues did not run up the skull and crossbones; because they did not swagger up and down the deck, knives and
			pistols in their sashes, she could
176	1921	-	, though mostly an Englishman, didn't play polo and ride to hounds or swagger around a club and order people about,
			because he was too poor and was
177	1922	-	, for he bears a jaunty dignity. His is a careless grace the swagger of a pleasant vagabond a bravado that snaps its
			fingers at danger. His

178	1922	0	and he knew instinctively that real riders would resent any attempt on his part to swagger as they did. A remark dropped
			by Blister came to mind. " The
179	1922	0	length as I flung myself from the saddle and with an attempt at a bold swagger advanced to find the maid. I am sure my
			bearing suggested confidence, but
180	1922	0	role of protector, for as he stepped from the doorway he walked with a swagger. Well, God give that he was right and
			that the menace had passed
181	1922	0	drop from the end cabin; then Dale came into view, walking with a swagger toward the concealed savages. In one hand
			he held up a string of white
182	1922	0	, some coarser trousers, a pair of boots, don a gun and a swagger , say little, make few impromptu friends, win and lose
			without a smile
183	1922	0	cut fiery way down my unwonted throat; the one draught infused me with a swagger and a sudden rosy view of life
			through a temporary mist of watering eyes.
184	1922	-	with self-consciousness most annoying to me. But his manner, his manner by swagger and covert sneer and
			ostentatious triumph of alleged possession emanating an unwearied challenge to my
185	1922	0	. During the introduction Mormon slipped away. Roaring Russell was endeavoring to readjust his swagger when the stout
			cowboy met him. " I was with the lady, "
186	1922	-	but Sandy's talk gave them a hint and his poise was correct, without swagger, without intent to start general ruction. It
			was up to Plimsoll. "
187	1922	-	" Isn't it? " The drink had given Plimsoll some of his old swagger , and the prospect of hatching the revenge over which
			he had brooded so long
188	1957	0	the baton. I stared at it curiously. It looked rather like a British swagger stick: slim, dainty, well balanced. But the
			ornamental gadget at its
189	1959	0	the rugged, ragged hills. From any one spot they seemed at once to swagger and to slink, swaying as they moved on and
			vanished into obscurity. The
190	1961	0	. He was brash and sure maybe too sure. He had a slight swagger , balanced by a certain benignancy. He was
			automatically the leader of the Bunch

191	1968		done up in the uniform of Vacuum Tube Transport, complete to kilts and the swagger stick of the officer of Rank
			Colonel or above, stood glaring at them.
192	1968	0	short of uproarious. Which seemed to placate the kilted officer. He tapped his swagger stick against the side of his leg
			while he ran his eyes up and down
193	1968	0	came to the salute as they approached. The Upper preceding Joe Mauser flicked his swagger stick in an easy
			nonchalance. Joe felt envious amusement. How long did it
194	1968	0	bother to knock. He pushed his way through, waved in greeting with his swagger stick to the single occupant who looked
			up from the paper- and tape-strewn desk at
195	1968	0	his eyes go up and down Balt Haer's immaculate uniform, taking in the swagger stick of the Rank Colonel or above. Joe
			said evenly, "Yes,
196	1968	0	Balt Haer, natty as ever, and, as ever, arrogantly tapping his swagger stick against his leg. " Zen! Captain, " he
			complained. "
197	1968	0	him in rank. " Of course, captain, " Balt Haer flicked his swagger stick against his leg. " But to the point. Your squadron
			is to
198	1968	0	somebody snapped. "We'd have him. "The younger Haer slapped his swagger stick against his bare leg and kilt."
			Possibly it's a feint,
199	1968	0	at a far window, a drink in his hand, rather than his customary swagger stick. Nadine Haer sat in an easy-chair. The girl
			Joe Mauser loved had
200	1989	0	Rachel, strode into the room. He walked with what appeared to be a swagger because he was slightly bowlegged. He was
			talking rapidly in his language, advancing
201	1854	-	, puffing his penny cigar, and ogling the crowd. He has acquired a swagger , and displays a pinchbeck fob-chain of showy
			proportions. Yet admire him at a
202	1863	0	come along, if you please? " There was a good deal of easy swagger about Perry, as there is always in boys and men
			whose business is to
203	1866	-	'T isn't such an easy job, eh? "This sort of swagger was Alfred Barton's only refuge, when he was driven into a corner.
204	1866	-	and disappointment. How often had he been disgusted with Alfred Barton's meanness and swagger! How much superior,
			in many of the qualities of manhood, was even

205	1866	_	head with a resolute brazen air, and mounted the platform with something like a swagger . He kissed the Book, after a
			brief exhortation from the judge; and
206	1873	-	them; they said as much by their looks and actions, by their insolent swagger . " " Was the' tzin there? " " From the
			azoteas of
207	1930	+	apparent to everyone present that he was in an abject state of funk. His swagger and self-esteem were gone, and with
			their departure the man became a lamentably deflated
208	1931	-	a soldier, eh? " " I hate you when you assume that old-time swagger . " He laughed boisterously as he caught her in his
			arms and tried to
209	1932	0	. " " What on earth, Sanders? " exclaimed a young and rather swagger looking maiden whose eyes gave the impression of
			having seen about all there was to
210	1933	0	He was nervously shaken by the events of the last forty-eight hours. All his swagger was gone. He stood blinking in the
			sun in a sweaty, silk suit
211	1934	-	leather book stuck out, and as he spoke he assumed a sort of lazy swagger. " Eh? " he said. "' Then I judge I'm
212	1935	-	Then he thought he recognised the voice and then he did recognise the raked filthy swagger of the cap and moved,
			pressing, filtering, on and into the crowd
213	1935	+	this here shack, alone. " She went up to him with a pretty swagger, her hands clasped behind her. " No, I never said I was
214	1935	0	humiliated before Janet! That had rankled. He'd carried it off with a swagger but it had burned him up just the same. He'd
			been wondering what
215	1935	0	I hoped to overpower him with my beneficence. It is hard to deny oneselfa swagger in the face of misfortune. A waiter
			came bustlingup. I handed the old
216	1935	0	Lingering in the doorway of the snug little kitchen, Sonia carefully lifted off her swagger spring hat and surveyed the
			impromptu cook with affectionate admiration.' I believe I
217	1935	-	And in every few minutes 5758 WE ARE BETRAYEDhe sipped from his bottle and tried to swagger, and he assured
			himself that he didn't give a good God-damn where he
218	1935	-	They love to give orders and make men jump through loops. They love to swagger and put on the dog. Note the
			outlandish monkey-uniforms of kings; the plush

219	1937	0	Frost's bucolic humor, Lindsay's cosmic evangelicism, Sandburg's blend of American swagger and Scandinavian
			mysticism. It was a poetry rich, tragic, sumptuous, aristocratic
220	1939	-	To be shone on lividly by the lights of death, to walk with jaunty swagger and a knowing wink past all the gaudy
			desolations of the hot-dog, fruit-drink stands
221	1939	-	feeble, half-hid nastiness of the moving picture shows, and then to thrust and swagger it upon the streets again. To know
			nothing, yet to look with knowing
222	1939	0	guessed the girl's sympathies to lie that way, or because he wanted to swagger a little before her and drop dark hints.
			Then Mr. Munn had decided that
223	1940	-	soldier. The soldiers who like to wear uniforms, who like to strut and swagger and wear red-and-black scarves. Who like
			everything about war except to fight. Valencia
224	1940	0	and now dapper young officers strolled out in front of their troops, waving their swagger sticks, and the German
			sharpshootersknocked them over like partridges off tree limbs. It
225	1940	0	and a strange officer from their car, and leading them with something of a swagger to the cabin where he had been so
			uncomfortable two hours ago. " Did
226	1940	0	, and he was his own man again. There was a hint of a swagger in his walk as he went up to the counter. " I've decided
227	1941	0	the house to the kitchen r. He walked into the kitchen with a jaunty swagger and, " Hiya, Mom. Whatcha having that's
			good for supper?
228	1941	-	had made. Kenny felt good. H walked slowly with a slouch and a swagger. The sun was warm and full-bodied. The
			streets were full of people drifting
229	1942	0	Shelbyp298himself had seen fit to praise them. So these days they rode with a swagger , hats cocked low and a little to
			one side, backs straight, eyes
230	1942	-	.' You can tell your story at the fort.' With an exaggerated swagger , he marched stiffly up the street without turning to see
			whether his captive was
231	1943	-	it? " " I might. " The man spat lustily, more from swagger than from need. " How if I was to get you a good price
232	1945	0	on Tom's prowess. I know I walked after that with a sort of swagger, and I caught myself once in the saloon jostling a
			man whom there was

	1	1	
233	1945	-	him. Now his assurance suddenly faded. He walked away, with his usual swagger . But he had sobered. The fumes of rage
			and triumph be-; an
234	1945	-	that must explain it! His volatile spirits rose again, and with a dashing swagger he closed the door behind him and stood
			again at Janie's side. She
235	1946	0	" Aunt Studney! What's in your sack? " Aunt Studney watched him swagger out, both hands squeezing on her sack; she
			saw them out of the
236	1946	-	But none came, and gradually our captors began to sneer at American impotence and swagger at their own strength. The
			bashaw even talked of fitting out three frigates with
237	1947	-	the field and Duck was walking a little ahead of Laskell. The lurch and swagger of his walk were to be seen and disliked.
			But Laskell knew that he
238	1947	-	There was a kind of a brutality about Horton. He had a kind of swagger and a headlong quality so many ex-soldiers had.
			The doctors said they would get
239	1947	0	and capless and his dome shone whitely in the moonlight. He was waving a swagger stick insanely in the air. He must be
			at least a colonel, Christian
240	1948	0	gwine fer to go " and with that Jed actually stepped out with a swagger , although his hands clutched convulsively in
			his sleeves, as he walked down the
241	1948	0	looking at him as he walked back, but he managed a bit of a swagger , as he climbed onto the wagon. Probably she had
			heard what he had
242	1948	+	him. " Moving with his distinctive, long-limbed swing, a casual, easy swagger , Captain Wiley came smiling down the
			office. He said: " Say,
243	1948	-	. There had been about Cristobal Gerado from his earliest youth an arrogance and a swagger that bespoke proud Spanish
			blood. Bernardo, Kit was certain, knew in part
244	1950	0	, all those who licked the boss's shoes and put on the boss's swagger when only the janitor was around. God curse every
			smart alec working for ten
245	1951	-	ring me or come up if necessary. " " Nuts. This is just swagger. " It is not. A schedule broken at will becomes a mere
			procession

246	1952	+	view of what finally happened, for to Valerio the world was nothing but a swagger world tingling with lights, music,
			drinks, money, and people who had
247	1952	0	They had ridden the Ferris wheel and had bought chameleons and Victor had won a swagger stick in the shooting gallery
			which he gave to Andrew to take to Cousin Katharine
248	1953	0	His hard inner core lay close under the veneer. He did not have to swagger about his manhood or hint that he could be a
			dangerous enemy. The masculine
249	1954	0	but I was wrong, for in her samurai there was now a freedom and swagger that no maiko girl, as Hana-ogi termed the
			virgin dancers, could have created
250	1955	-	streets and back streets, is motley. Goatskin-caped Masai with spears and ocher-clay make-up swagger arrogantly along
			the sidewalks. Kikuyu men wearing castoff khaki and old Army-issue clothes,
251	1955	0	Indians scuttle briskly along, many of the men wearing khaki pith helmets and carrying swagger sticks in an effort to
			appear English. They stubbornly hold their own, even
252	1956	-	sinister about them: their togetherness, their size, their not working, their swagger , their watchfulness. It was hoped that
			Robinson was not putting any ideas in
253	1956	0	had had the nerve to wear one. He was twirling a native-made officer's swagger stick of the type which had recently gone
			on sale at ship's service.
254	1956	0	Striding up, the exec halted, removed his Frank Buck hat and rapped his swagger stick smartly on the bar. "Rum sour,
			Leatherneck! " The exec
255	1956	0	. " I do seem to remember, " Nash said, and tapped his swagger stick ominously on the bar, " that you had a chance to be
			LieutenantJoe
256	1956	0	name be reproached. The exec rapped Griffin playfully and painfully on the shoulderwith his swagger stick. "Yes, siree,
			" he continued. " I'm against
257	1956	0	! " and, sticking his Frank Buck hat on his head and twirling his swagger stick, he was gone. Ross turned viciously on
			Griffin. " Why do
258	1957	0	tender thing, then, is a man. Flow, for all his crotchhitchingand swagger, a whisper can turn his soul into a cinder. The
			taste of alum

259	1957	0	and this time he had no feather in his hair, no paint, no swagger. The captains asked him if he would abide by their terms
			all the way
260	1958	+	of Harry. His handsome blond head that would have grazed the ceiling, his swagger and grace, his knowing hands and
			lips for which her body yearned each night
261	1958	0	boots had been made by Reynolds, the Boxford cordwainer, and were cut with swagger. Winthrop had not begrudgedthe
			money for this finery, so long as it was
262	1958	-	. She thought of Harry, and saw his golden laughing face, his reckless swagger . She saw his finger lift as though he
			beckoned, and she cried to
263	1958	-	arrogantly shov/ing the board across the table like a dirty cafeteria plate and rising to swagger about the room on hard
			heels. Lichenko's larger game was surely something more
264	1958	0	out here. " " Oh hell, " Annie said. She managed to swagger her shoulders. " You give me just one good reason you got
			for walking
265	1959	0	have dreamed of going on a mission without carrying his good-luck charm a British swagger stick. " Spill it, " Marrow
			said. " You won't like
266	1959	0	fol/low Haverstraw aboard. He paused at the mouth of the hatch, grasped his swagger stick as if it were a wand, touched
			lightly once with its tip each
267	1959	0	some other promotions had been posted, Marrow went around with more than his usual swagger and bounce, but I sensed
			that he was feeling badly slighted, and indeed
268	1959	-	Skeets McGowan, Uncle Willy Christian's soda jerker a young man with a swagger and dash to him, who probably
			smelled more like toilet water than just water
269	1959	0	she caught his mannerisms: the way he looked out to sea, and his swagger ; but what she steered was not the canoe's tiller
			but the makebelievemale genitals
270	1960	+	work (and it was going to be such a wonderful play, full of swagger and wit; no, she hadn't read it but he'd told her
271	1960	-	the songs were funnier as duos. He drove his Ferrari with diabolical speed and swagger , causingHarriet to marvel,
			between suppressed gasps and starts of terror, that this
272	1961	0	been deathhauntedall through her childhood. p98She's afraid, Joan thought, but she can swagger her way out of it. Doris
			changed. The bright hard grin came back

	1		
273	1962	0	his hand. He slapped his thigh with it, as if it was a swagger stick or a riding crop. He looked ready to strike me with it,
274	1965	+	the effect was definitely Slay. Though very upright he had about him a certain swagger, a looseness of the hips and
			shoulders, which suggested a familiarity with the
275	1966	-	me of some of my qualms. Why had Blix and I been full of swagger there? What if Blix had been with me now? Would
			trial become ad-venture
276	1967	0	one. "That bed, " she said, indicating the four-poster with a swagger stick, " has held just about every stud in town who
			wants to be
277	1967	-	Everyone was staring at the Austrian leader. " Why are these people allowed to swagger around here like this? " Mary
			asked. Lowe reminded her that Austria was
278	1971	0	Darwin. Before they could rise, Kraker interrupted. He came up with the swagger of a man who alone carried a gun.
			From behind him his heelers were
279	1971	0	as that Yelverton had forced him to walk out of the hall with all the swagger he could manage. He has enjoyed a triumph
			over men and their schemes.
280	1971	+	by his beard. He hides stiffness of one leg by a slow, rolling swagger and, when he stands still, with a wide-footed solid
			stance. Come closer
281	1971	-	much sweetness. Outwardly he changed not at all. Or better, since his swagger and appearance outraged so many, say
			that though he changed his vestments, he
282	1971	0	, short, elegantly embroidered doublet fitting naturally; a cloak worn loose with a swagger, held by hidden laces; the
			collar gone, replaced by starched white folds
283	1972	0	over for a while, then decided to remain a civilian. Gloves and a swagger stick look all right on Abernathy, but I like to
			work in shirt sleeves
284	1972	0	of Dublin, London, Berlin, etc. General Pretzel tapped it with his swagger stick. Here, gentlemen,' he said, is Umm el
			Raha,
285	1972	0	and I wondered whether it was for my protection or his own; Dagobert's swagger was a little less convincing. There
			certainly was an eeriness about the place,
286	1972	0	sailormen in, cloth of gold with diamonds like apricots, and off they'd swagger like the King of All the Isles But it was
			tricks

287	1972	-	He was casually unconcerned with his state of undress and bore the pistols with a careless swagger which did not ease the
			two thieves' nervousness. Heather felt the heat rising
288	1972	-	will vote against the best interests of their country for money and smugly swagger over it, and look for more. They
			are hired whores, Mr. Armagh
289	1973	0	her book; at first she represented the young lawyer Balthasar with a slight playful swagger, but she grew in authority
			speech after speech. George was caught up into
290	1974	-	safely into her accustomed mire of regret. Some of the boys she goes with swagger and boast a good deal more than the
			others, but the worldly self-assurance they
291	1974	-	not exist. The toughest old hand, the rawest youth who was trying to swagger, would at some unexpectedmoment catch
			the eye of a frantic cow, and as
292	1974	0	he had he would not have known how to walk in them with that jaunty swagger or how to hook his thumbs through the
			belt loops of his Levi's.
293	1975	0	" Sheriff Bledsoe says, then give a half-turn, a hitch, and a swagger and says offhand, " Go on, git, and be glad of it
294	1976	0	Nordhoff is a thick-set man with what I believe is known as a " nautical swagger "; at least, he walks with a peculiar
			lurching gait, memorial to
295	1977	-	. Aye, the hour of the Dragon has come at last. " Nemedians swagger like lords through the streets. Women
			arep80outraged and merchants plundered daily, and Valerius
296	1977	0	battlefields of the world. Unconsciously he reverted to the old ways; a new swagger becameevident in his bearing, in the
			way he sat his horse; half-forgottenoaths rose
297	1977	+	She was industriously skimming the fat from its surface when he came in, his swagger restored to him. He went over and
			gave her a domestic kiss and sniffed
298	1978	0	do without hesitation. My father has absentmindedly given me a huge allowance and I swagger under it like a Texas oil
			man. I take taxis and mild old men
299	1978	0	the best, but all the starch had gone out of Tufnell. No more swagger, no more colored waistcoats. Even his voice had
			stopped soundinglike a hunting call
300	1978	0	the guys at Paisley were paralyzed by the female kind and so talked with brutal swagger of subduing it with " a yard of
			this. " " They'd rather

301	1913	0	careful please mebbe some day you get' urted! ARMSTRONG With a slight swagger. Oh, no, I won't! CAVALLINI
			Looking over the door.
302	1917	0	think? ALFRED taking her in.Well er er LUCREZIA with a slight swagger steps towards him. VIOLENTE Well!
			ALFRED smiling at her.Did the French Consul send
303	1922	0	Dat was where I loined to take punishment. (With a grin and a swagger.) I'm a chip offen de old block, get me? LONG
304	1924	0	to the window at the left, with ever so slight a touch of swagger p. 105 AMY Oh, I wouldn't care if they only fined
			you,
305	1924	0	I called theirs first. He strolls towards the left, with a bit of swagger JOE Well, I certainly have to give you credit,
			Aubrey; that's
306	1924	+	brothers passing the door together, peer in curiously. With a friendly air they swagger into the room. Carl Fisher says, "
			Got a cigarette about you?
307	1925	0	into the outer door a tall, good-looking young fellow, with rather a swagger in his town clothes but a very likeable
			way with him.) p. 28
308	1932	+	, a door that gives on the legal arena. Cardigan walks with a confident swagger. He wears a topcoat and a black fedora
			pulled low over his eyes.
309	1932	0	the flat-woods. Instinctively he changed his gait from a shuffling drag to his customary swagger. He rapped loudly on the
			smooth cypress front door. It had a half-moon
310	1932	0	sanity in a world profoundly immersed in chaos and madness. Gradually the old police swagger dominated Teriona's gait
			and carriage. Who could walk with Mr. Brownlaw's brother
311	1933	0	more whisky than you could shake a stick at. Nat got hold of a swagger stick somewhere and went round shaking it at
			every case he could find. But
312	1935	-	snap under some constant strain. He covers it, though, with a cocky swagger. He walks leaning forward, hips thrown
			back, almost as if out of
313	1937	+	Sikh's. Yes he was really magnificent, with all the masculine dandyism and swagger of an accomplished horseman. The
			daughter was well dressed too in some thin dark
314	1937	0	by sun and wind and, although he was somewhat under six feet, his swagger in walking effected height. Pauline was
			small and slim, with childlike freckles on

315	1942	0	or alive. A man named SHORTY comes in with a lot of hard-boiled bowlegged swagger, draws his pistol, which is very
			big, and fires six times.
316	1949	0	the contempt of Quincannon for the plunging aspirant to a commission being clear in every swagger of Quincannon's
			height. Section Details 31 EXT STREET IN FORT STARKE The
317	1961	0	about fifty-five. " Sharp now, lad. Sharp! " He waved a swagger stick and seated himself with a flourish that swirled the
			bathrobe around himself tightly,
318	1961	0	closing in. " He drew himself up to his full height and lifted the swagger stick, signaling me to him. Even in that drab and
			shapeless robe,
319	1964	-	by something off screen. DUFF ANDERSONHell! JOSIEWhat is it? Frankie and Jocko swagger toward them, beer in
			hand. FRANKIEWell, if it ain't Duff!
320	1966	-	not, it's still a long way up. JOHNNY (walking with exaggerated swagger) And a shorter way down, if you're caught on
			the run.
321	1966	0	to NUALA) He's a young man they swagger. NUALA (Slightly shrill) They have no heart, young men! BECLECH
322	1967	-	of consequence. His horse is well-groomed, his carriage trim. BOLDWOOD, without swagger but with considerable
			dignity, approaches the crowds of MEN looking for work. BOLDWOODWhat
323	1967	-	CLYDE approaches, thrusts the gun at him. 19. CLYDE (with a swagger) This is a stickup. Just take it easy and nothin'
			will happen
324	1970	0	a coarsely amiable face, wearing a rather rumpled trouser uniform, who tucks his swagger stick beneath one arm and
			salutes clumsily. CAPTAIN (north-country) Captain Smith,
325	1971	0	, quietly arrogant soldier in his forties takes the chair. He carries a handsome swagger stick.) Sergeant Major, do you
			understand the informal nature of these proceedings
326	1971	0	took over this Division, he gave me and the two other Sergeant Majors a swagger stick. This one here. He said he wasn't
			the smartest man in
327	1974	-	the year He says that he's loving his country I say it's all swagger and brag So fold up the blue and white bunting And tell
			them to take
328	1974	-	their heads. Their main concern is getting laid. They use rough language and swagger their manhood around. CODY
			That could be anywhere. BEAUJO It's a gambling

329	1976	0	as they walk toward Red Sweater, walking now with even a hint of a swagger . One of the Clods bends experimentally
329	1970	U	down and touches Buck's head, and
220	1070		
330	1979	-	his career, chief of the safety patrol. Lieberman, rolling with a cockier swagger whenever he wore his metal badge, set
			records for reporting students for jaywalkinguntil Fishy
331	1980	-	so very different in the event, he supposed with a mental shrug or swagger ineffectual even to himself. The thought
			was nothing more than a way of wounding
332	1980	-	his Confidence and Daring, and he minces and curtseys with more Aplomb than he swagger 'd as a Beau before. For my
			part, I am content to be
333	1981	0	sea palace, Mardonius took my arm. He did not limp so much as swagger , the body swinging from side to side as he tried
			not to put too
334	1982	+	bet against me. " I never heard any woman talk with this kind of swagger . " Are you still indestructible? " " Don't you
	1702		ever read the
335	1982	0	it out of the yard. At these moments Luke wasp221conscious of adding a certain swagger to his walk, a certain swing to
333	1902	O	his shoulders. He imagined he was
226	1000	0	<u> </u>
336	1982	0	sod. Those of us who were fortunate enough to be alive had reason to swagger a little. And you more than most. So I
			proceeded to tell the
337	1982	-	Why they should spend their money for the privilege of seeing this company strut and swagger , rant and rave, pretending
			to be Greeks and Trojans. You are wondering
338	1982	0	squarely, and you can manage to walk with shoulders back and a certain loose swagger at the hips. As you follow the
			player and the shadow and dancing of
339	1984	0	, with so many aspects of the voyage under his supervision. He started to swagger a bit when he walked. " That Sakkar
			thinks he's a Gaelician now
340	1985	0	their coats and braying a list of their misfortunes. The Goats permitted some swagger and some allowances because of
	1,00		their adventure or else, perhaps, because of
341	1985	0	
341	1983	U	of his shoulders as he walked off the bridge. Somewhere he had got a swagger in his step. The ache in her own bones felt
			less, for that

397	2009	0	had evolved and were now called "cults"; eighteen-year-olds who had mastered the swagger of American rap videos
			were undergoing secret and strange initiations that sometimes left one or
398	2009	-	n't miss my bus. " # Inspector Akhtar stepped toward the American with a swagger that indicated his girth was an
			advantage not an impediment. " This is
399	2009	0	a neat queue, she put on her hat and set off with a quiet swagger and a jaunty air. # # Continues
400	2009	-	. # Libby gave Sammy a last wave, then paused, watching his funny swagger and thought again, the older he got, the
			more he looked like Sam
401	1900	-	has penetrated his vitals' Mind, it is not the doctrine, but the swagger and infernal rudeness that offend me. The style, -
			too, - becomes
402	1902	-	slavery with its residue of unsettled problems; and we are betraying a tendency to swagger under the " white man's
			burden, " sometimes in the garb of commercialism
403	1904	-	and coffee. But it was his whim (among intimates) to assume the swagger of a boon companion, and to profess inordinate
			delight in eating and drinking.
404	1904	0	" And Gladstone, in the great debate in 1850, boldly met Palmerston's swagger about 01,112S Romanus sum, by asking:
			" What then, sir, was
405	1906	-	.' Again, how is one to regard fake, splurge, sand, swagger , blooming (idiot), to go it blind, to catch on,
406	1906	0	There is rather too much protesting. It is perhaps hardly en impression of " swagger, " but one does feel very strongly
			that this man was deeply impressed with
407	1906	0	from his last to show how easily a uniform may be donned, a? swagger assumed, and the hero of braid and brass reduced
			to terms of flesh and
408	1907	0	ceiling, to a candle-shade. Frocks? Why not? What could be more swagger than a suite of hand-woven natural linen,
			made perfectly plain, with a stenciled

409	1907	-	in his case Unless a nation wishes to sink to a level of self-conceit and swagger which doom it to decay, it will learn that
			he is the true patriot
410	1908	0	gondola blacked. Choice was beyond him. He carried off his defeat with a swagger that was borrowed from Giuseppe's
			own. " You can come too, if
411	1908	0	white leader rides beside them, drawn sword in hand, but with no military swagger, courageous, yet with a hint of
			melancholy, ready not only to lay
412	1909	0	He lingered there for some weeks. His name was MacTush, he had the swagger of a border chieftain, and his hair was the
			hair of a Norseman. and
413	1909	_	proper pride in his master makes him gild his folly. He has the real swagger and braggadocio of the soldier, and he
			delights in boasting to his Roman friends
414	1910	0	name, an Anglicized German, with mustaches like the Kaiser's, and the swagger of a drum-major. He treated our house
			as if it was the dining-room under
415	1910	_	the independence of the boys, and often emphasizes it with an affected and ludicrous swagger (which the boys, at any
			rate, see through, and do not
416	1915	_	that his dress does not violate local conventions; let him beware of any " swagger, " or a hint of superiority. If he has no
			real errand or
417	1917	_	and grim, and inhuman, and Witney determined to carry it off with a swagger , thoroughly selfconscious, and posturing in
			his agony. I imagine that it must
418	1922	0	fully armed with spears and bow and arrows and, comical indeed, dashing little swagger sticks such as the British army
			officer carries. As their loads grew heavier,
419	1922	0	the spears and bows were flung aside, but nothing could separate them from their swagger sticks. Watching them, during
			the first stages of our journey, when we
420	1923	0	as Rupert and Bert Lytell, who plays the Britisher and the King too, swagger most effectively. # When the producers
			were digging for a subtitle writer they inadvertently
421	1923	0	hats and under their chins. They loved the clocks and carried them with a swagger , swinging them from their hands like
	1,23		dinner-pails. I had bought lots of cross-stitch

66	1995	tense	she didn't look back, that he liked to watch her haunches shift and flex beneath her clothes, lifting her weight deftly. She
		-	stopped wearing underwear, and
	1		The Francial Control of the Control

67	1995	bend	lean forward awkwardly. From time to time she paused to ease her back and flex her fingers, but the pauses were brief and
			she quickly resumed her work.
68	1999	bend	something under his breath and I wanted to slap him. Umstead was able to flex his wrists so that the ropes almost fell loose
			when I finished with him.
69	1999	tense	said. For a while it seemed to work. Two months later he could flex the muscles in his upper legs. But nothing more
			happened; and, worried
70	2000	tense	's pretty important, " I said. He smiled and opened his hands to flex the muscles in his forearms, the odor of burned
			polyester all around us.
71	2000	tense	bug oven? Its line foreman, of course. # She watches as I flex my new arms, then she steps close to me, using a spare tool
72	2001	tense	girl. It felt fine to have dirt beneath her nailsagain, to feel the flex and draw of muscle and sinew as they worked. She was
			aware of Riane whimpering behind
73	2001	tense	. I stop by a storefront, grab a bar over the windows, and flex my biceps. The metal groans in my hand. Not normal. Not
			normal
74	2002	bend	Atlantic, but there was a method to the seeming madness. The keel could flex and the hull warp, enabling the ship to glide
			effortlessly with less resistance from
75	2002	tense	something. She could see the muscles in his shoulders and neck, saw them flex and relax. Then, certain she was watching,
			he selected a plate,
76	2003	tense	to get the man to treat her box more carefully. But his ropy muscles flex and stretch across his shirtless arms and back, the
			sun gleams off the lines
77	2003	tense	He bit down on the bone and his teeth hurt. He felt the bone flex as he brought the entire muscle of his jaw to bear. His face
			was
78	2003	tense	jogger on the highway shoulder outside Telluride had every straining tendon and ligament, every flex and thrust, defined in
			his shining black outfit. Running hard, his mouth
79	2003	tense	skull became a hollowed pumpkin, his brain dissolved to sparks. He felt Serena flex at first, she tightened, then she yielded
			to him, thrust against him
80	2004	tense	the scales, sat with the creature as it slowly shook awake. First a flex and release of shoulders, a shudder in the tail, a slow
			undulation beginning

81	2006	tense	says bicep curls win hot girls, " said Tyrell. He mimicked Pete's flex . Pete, embarrassed, snapped his shirt at Tyrell, who
			laughed and danced
82	2006	tense	Calder watched him poison his body with sugar and saturated fat and felt his muscles flex in response as if itching to work
			out. In ten years, Larch was
83	2006	bend	tortoiseshell eyes. The look she met in the gold-flecked gaze caused her fingertips to flex ever so slightly against the subtly
			rough texture of his jacket. The inviting,
84	2006	compound	MORNING Phidrik and Ridimon dropped through the Canopy in the skiff. They took the flex nets, several mesh harpoons,
			one deck-mounted pulse rifle, and a processor remote
85	2006	compound	planetside he took a deep breath without feeling suffocated. Phidrik began to string a flex net between two kidaah trees.
			After watching him work for five days Ridimon thought
86	2006	compound	drunk to the core only made Ridimon bitter. Ridimon helped Phidrik string several more flex nets not far from the first. In
			the dim, mist-filled air the translucent
87	2006	compound	Phidrik's voice, and Phidrik lured it farther east, not far from the flex nets. When he stopped speaking the soul cried out in
			despair and seemed to
88	2006	compound	in the direction forced by Phidrik, right through the kidaah trees and into the flex nets. The kigrin's neck snapped to the side
			first, then the rest
89	2006	compound	'm lucky to be alive and you are bound to kill me. " The flex nets made no difference, Ridimon. The kigrin down there
			could have killed you
90	2006	tense	made us fit enough for this task, " and here she made a playful flex with her left arm, earning rolled eyes from Lucas and a
			chuckle from the
91	2006	tense	of flex ibility: the thin gap between each of the interior muscle regions was a flex point, giving the leg in effect five joints
			that could bend in any direction
92	2006	compound	I turn it in my hands. It's a crude, convex disk of flex board, about five inches across, chips and circuitry hand-wired to the
			surface
93	2007	compound	right off the line: temperature, plastic versus metal, the slight amount of flex additives in the bumper paint. Clients always
